Color	Black/Dark silver	
Dimensions and weight	Dimensions: TBD	Weight: TBD
Size	28"(16:9)	
Active display area	621x341 mm	
Maximum resolution	3840x2160 @155Hz (overclock)	
	DCI-P3 90%	Mercury free, environment friendly
Response time	1ms (G to G)	
Brightness	Native: 300 (cd/m ²), HDR400 mode: 400 (cd/m ²)	
Viewing angle (CR=10)	178°(H),178°(V)	
Colors	1.07B	
Bits	8 bit+Hi-FRC	
Input signal	HDMI(2.0b) x2 + DisplayPort(1.4) + SPK + Audio out + USB3.0x3+USB2.0+USB-B(4down1up)	
Speakers	2Wx2	
VESA Wall mounting	100X100mm	
Power supply (100V-240V)	External	
Support	NVIDIA G-SYNC™ technology,	
ErgoStand	Tilt TBD Swivel TBD	Height adjustment TBD Pivot TBD

We named our line of gaming products after a fierce hunter – the Predator. We design gear for serious gamers – members of what we call the Predator tribe. Every member of our tribe has the soul of a warrior on the path to battle. We each bear the mark of our deadly mission. Our ancestors painted their bodies with dirt and blood to strike fear into the hearts of their enemies and rally comrades to battle. We draw inspiration from these intimidating marks. The symbol of the Predator tribe represents loyalty, power and ferocity. Use it wisely. Embolden your tribe and demoralize the enemy. Lead us to victory

In a continuing effort to improve the quality of our products, information in this document is subject to change without notice. Images shown are only representations of some of the configurations available for this model. Availability may vary depending on region.
As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.
