FSP PC Case CMT230

Introduction

Sleek and modern design with the metal mesh front panel, and pre-installed LED blue light fans, give you a fresh look. The internal space is highly flexible with reserved cable holes. It supports the mainstream motherboard size such as ATX, Micro-ATX, and Mini-ITX.

The front and top panel metal mesh design and insolated power supply cover provide clean airflow space to improve optimal cooling performance. If users would like to upgrade the cooling system, CMT230 supports two 280mm radiators to fulfill users ideal cooling performance.
