

**CMT260**

**CMT270 / CMT271**

## Introduction

The CMT260/270/271 is an ATX chassis with a capacity to fit high-end graphic cards max. to 325mm length, and CPU cooler to 170mm height. It features a gorgeous black coated, sturdy SPCC steel frame. The CMT270's rear RGB fan is fully addressable and compatible with most motherboards, such as ASRock Polychrome Sync, Asus Aura Sync, Gigabyte RGB Fusion, and MSI Mystic Light Sync. The CMT260/270/271 are especially engineered for gamers with a perfect blend of technology and elegance that every DIY enthusiast desires.

## Features

### Dual 3.0 USB Ports

For high speed transferring

### Water Cooling Support

Unique vent holes design for front, side and top panel.

### ARGB LED Fan

Complies with standard SFX and SFX-L power supply

### Tempered Glass Panel

Unique vent holes design for front, side and top panel.

- All black high-strength steel design
- Translucent tempered glass slide panel without screws
- Detachable mesh cover to keep dust out
- Advanced airflow technology for optimal cooling
- Supports RGB sync for most motherboards
- 7 x PCI-E expansion slots , 2 x 3.5" HDD and 2 x 2.5" SSD
- Built-in 2 USB 3.0 ports
- Supports 240mm water radiator
- Supports high-end graphic cards max. to 325mm length, and CPU cooler to 170mm height

## Product Overview

### Addressable RGB Fan

Built-in 12cm LED fans that supports 11 lighting effects to feast your eyes, showing off your personality.

\*CMT270 Only

### All Black See Through Tempered Glass

Semi-Transparent galaxy dark tempered glass panel to shine your PC components.

Supports RGB Sync for most motherboards.

## Product Overview

We understand it may cause you inconvenience when screwing a glass panel into the PC case. The CMT260 / CMT270 / CMT271 series is designed with a slide path to enable an easier installation with a clear surface to showcase your PC build.

## Product Overview

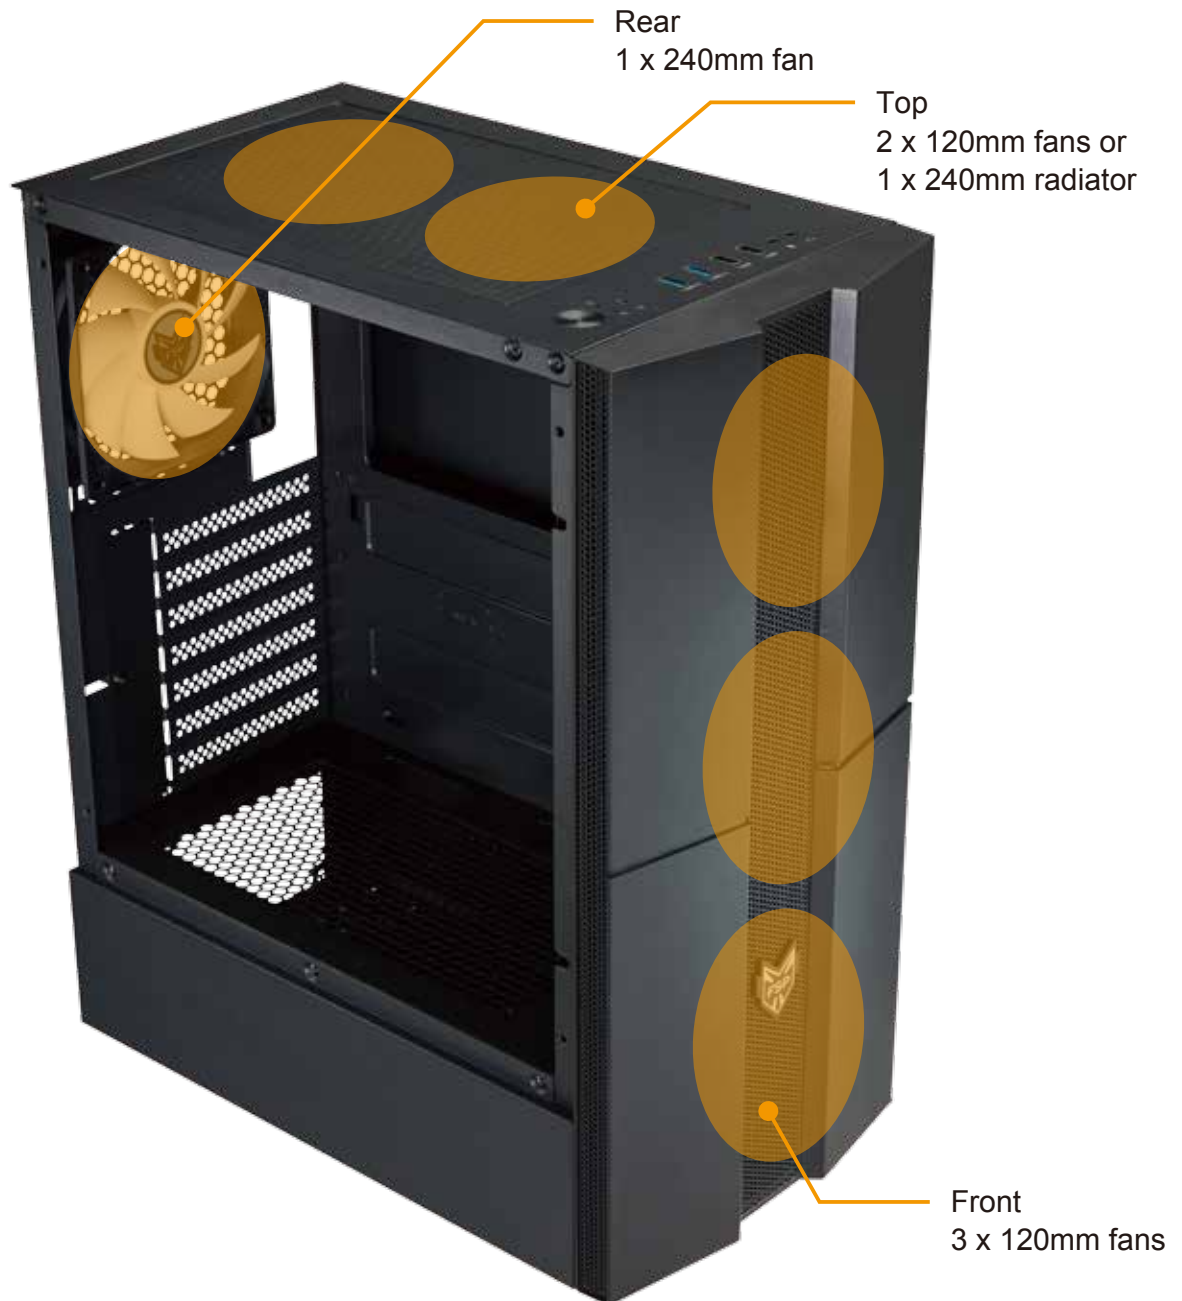

The CMT260 / CMT270 / CMT271 series features a special front air inlet design to breath in sufficient air.

The magnetic dust filter on the top and bottom also keeps the dust out while enabling an optimal airflow efficiency.

## Product Overview

The CMT260 / CMT270 / CMT271 series can support up to 6 x 120mm fans to provide the best cooling performance.

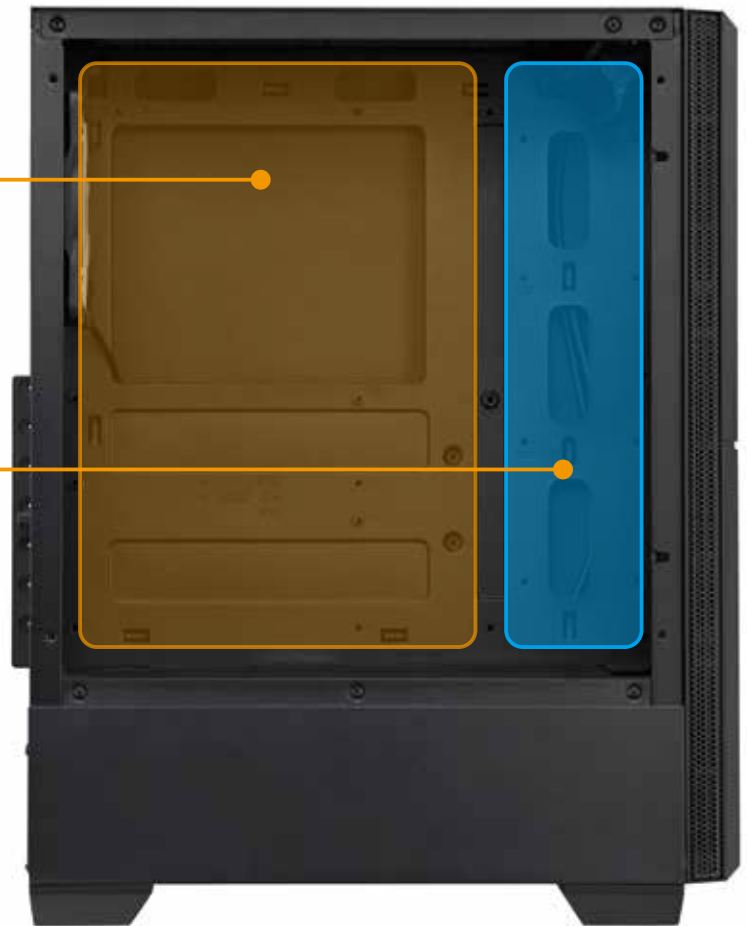

## Product Overview

### High Extensibility for Motherboards

It supports ATX, Micro ATX, Mini-ITX motherboards

### Simple Installation

Predrilled holes on the side panel for easy cable access and management.

Mini-ATX

6.75" x 6.75"  
170mm x 170mm

Micro-ATX

9.6" x 9.6"  
244mm x 244mm

ATX

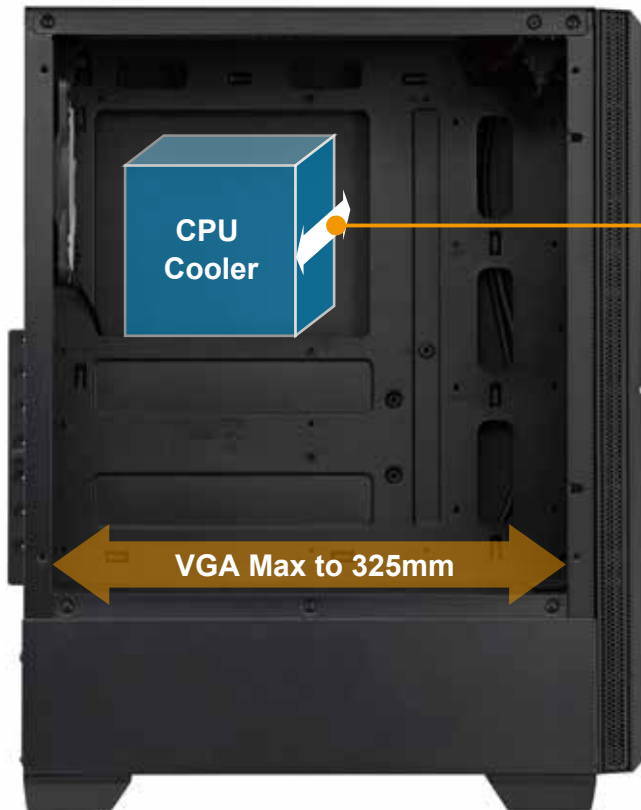

12" x 9.6"  
305mm x 244mm

## Product Overview

### High Extensibility for Graphics Cards & CPU Cooler

It supports high-end graphic cards with a max. of 325mm length and CPU cooler up to 170mm height

CPU cooler max. height 170mm

### User-Friendly I/O Panel

RGB button  
User-Friendly I/O Panel  
Multiple sockets for user's convenience
