

EMIX I30 3D In-Ear Gaming Headset

TRUE 3D SURROUND SOUND IN-EAR

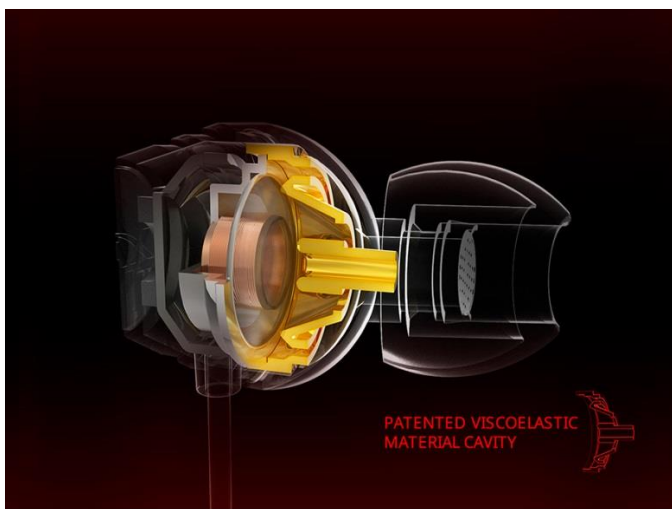

EMIX I30 3D In-Ear Gaming Headset

Enriching game audio with patented design, EMIX I30 delivers double the bass power of similar headsets together with a rich and detailed sound field. Its large 13.5mm drivers eliminate distortion and boost clarity, adding depth to all audio sources. EMIX I30 works great with any device that has a 3.5mm audio connector for universal enjoyment.

True 5.2 channel surround sound Big 13.5mm drivers

An inner vacuum tube allows EMIX I30 to transfer sound in a way that creates a convincing spatial effect.

EMIX I30 employs oversized 13.5mm units made of durable yet reactive monomer materials.

Compatible with multi-platform

Thanks to a universal 3.5mm connector, EMIX I30 works from PC to consoles and mobile devices, just plug and enjoy without the need to change headsets.

Complete package

We make EMIX I30 for gamers on the go. So you get a premium leatherette carrying case with replacement earbuds in two sizes, plus a Y-splitter for connecting to PCs.
