

Enterprise-Class Image Quality and Ergonomic Design to Enhance Work Productivity

Market Share Analysis

Combined device sales declined by 0.7%, despite the mobile phone and ultramobile premium segments growing 2% and 22%, respectively, in 2016.

In addition to the robust assessment described above, the Board considered management's working capital and viability report dated 15 February 2016. As part of this report, the Board considered a forecast of Spectrum Group's CEFT ratio trajectory in December 2016, a forecast of the leverage ratio trajectory, the Tier 1 and total capital ratio and the build-up of loss absorbing capacity.

BenQ BL2706HT Business Monitor

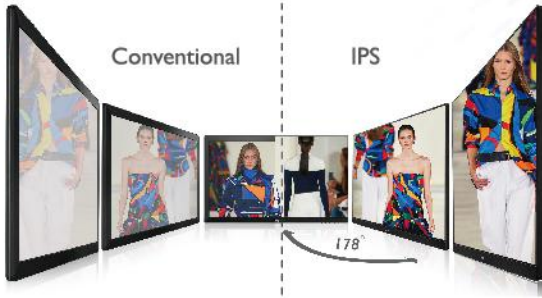

BL2706HT, the 27 inch Full HD IPS frameless monitor with superior image performance and an ergonomic design is ideal for heavy monitor users seeking a display that offers both aesthetics and functionality. The elegant edge-to-edge slim bezel design integrates BenQ's eye-care technology delivering the most optimal viewing comfort for office work.

Because it matters

BenQ BL2706HT Business Monitor

Wide Viewing Angle with IPS Technology

With IPS (In-Plane Switching) Technology, you see accurate color and image reproduction from any angle. An expansive 178° viewing angle is great for work and for reviewing on-screen with multiple people in the room.

Ergonomic Design

Customize your workstation for the perfect user environment with an extensive range of height, tilt, pivot, stroke and swivel monitor adjustments, so you can enjoy viewing pictures in its full context.

A Frameless Design to Enlarge Your Workspace

Stylish frameless design makes the monitor look lighter and larger. Saving nearly 40 mm of your workspace, edge-to-edge monitors are less intrusive and deliver an elegant visual performance.

Eye-Care Technology

Flicker-free technology eliminates flickering at all brightness levels, it is ideal for heavy monitor users looking for improved visual comfort. To enable improved focus and address potential concerns over the amounts of blue wavelength light output, BenQ's Low Blue Light technology can automatically reduce blue light output from 30-70% output depending on the mode you select. An anti-glare, matte-finish display keeps distracting reflections to a minimum, so office workers can work through their day-to-day tasks with well-improved efficiency – squint free!

Model BL2706HT	
Display	
Screen Size	27"
Panel Type	IPS
