

DCS-4602EV

Full HD Outdoor Vandal-Proof PoE Dome Camera

Features

Exceptional Video Quality

- 1/2.7" megapixel progressive CMOS sensor
- Full HD resolution of 1920 x 1080
- Wide Dynamic Range (WDR) image enhancement
- H.265, H.264, MJPEG codec support for streaming and recording
- Motion detection
- Privacy mask

Outdoor Placement

- Built-in IR LED illuminator with a 20-metre range for use in dark areas
- Range of mounting options for flexible placement
- Rugged IP66 weatherproof housing
- IK10 vandal-proof housing to protect unit when mounted outdoors

Flexibility

- 10/100 Fast Ethernet port
- Power over Ethernet (PoE) ensures easy and flexible integration into your network
- microSD card slot for onboard storage¹

The D-Link DCS-4602EV Full HD Outdoor Vandal-Proof PoE Dome Camera is a high-definition professional surveillance solution suitable for small, medium, and large enterprises. The camera uses a high-sensitivity 1/2.7" megapixel progressive scan CMOS sensor with onboard WDR image enhancement to deliver truly superior quality video in all conditions. The all-in-one rugged design makes this camera extremely reliable and ideal for deployment in surveillance applications without the need for additional accessories.

High-Quality Streaming & Recording

To maximise bandwidth efficiency and improve image quality, the DCS-4602EV provides real-time video compression using the H.265, H.264, and MJPEG codecs, and supports three separate profiles for simultaneous video streaming and recording. Video resolutions of up to 1920 x 1080 provide clear details, and noise reduction and support for simultaneous video streams improve quality in case forensic work is required for evidence. Additional support for motion detection, event management features, and ePTZ allow for implementation in a wide variety of surveillance applications such as monitoring public areas to detect incidents and to coordinate responses, enforcing access control to restricted areas, deterring criminal activity, or monitoring inventory.

Versatile Monitoring in All Environments

The DCS-4602EV's features WDR image enhancement to deliver improved image quality in conditions with uneven or difficult lighting, so you can identify subjects that are backlit or in brightly-lit areas. In low-light situations, the IR-cut filter automatically slides out of the way to use all available light. The DCS-4602EV also has built-in IR LED illuminators with a 20-meter range, allowing the camera to keep watch even in complete darkness. IP66 certification ensures the camera is completely protected from dust and water in any environment and IK10 certified vandal-proof housing makes sure it keeps recording even when intruders attempt to sabotage the camera. These features work together to give you a reliable surveillance camera capable of monitoring indoors or outdoors 24/7.

Full HD Outdoor Vandal-Proof PoE Dome Camera

Robust Management Software

The DCS-4602EV Full HD Outdoor Vandal-Proof PoE Dome Camera includes D-ViewCam, a complete surveillance software package that enables you to view, manage, and record from up to 32 cameras on a single computer in a central location. Recordings and e-mail alerts can be triggered by motion detection or by digital input devices. This feature automatically keeps a record of any unusual activity and notifies administrators when no one is around to monitor on-site.

Flexible Connectivity

The DCS-4602EV has built-in 802.3af-compliant PoE support that simplifies installation by providing power and networking connectivity over a single standard network cable: This feature can speed along installation by reducing the need to lay extra electrical wiring and install outlets in the location since a power supply is not required.

Full HD Outdoor Vandal-Proof PoE Dome Camera

DCS-4605EV

Rugged Construction

- IP66 weatherproof housing and IK10 vandal-proof housing makes the DCS-4602EV ideal for the most demanding of surveillance applications

Full HD Resolution with Wide Dynamic Range

- A high-resolution megapixel sensor provides 1080p resolution while Wide Dynamic Range technology ensures that you capture the details you need

Complete Day/Night Surveillance Solution

- Keep watch over an area 24 hours a day with built-in night vision; the IR LEDs and automatic IR-cut filter give you a clear picture, even in complete darkness

Free D-ViewCam™ Video Management Software DCS-100

Bundled free with D-Link network cameras D-ViewCam enables users to centrally manage multiple cameras for home or businesses.

Supporting up to 32 network cameras and up to 64 users, D-ViewCam is compatible with all current D-Link network cameras and video servers, offers digital monitoring and recording with a wide array of features including simultaneous video recording, playback and live view.

D-ViewCam offers scheduled, motion and manual recording. Recorded files can be searched by video type and selected files can be played, edited and converted into AVI or ASF files. The e-map mode in the application allows users to arrange a map with camera locations and orientation, while additional features such as auto-patrol, rotate, zoom, and focus provide optimal control over video surveillance.

Playback view

Live view

D-ViewCam Mobile

Keep an eye on your surveillance cameras anytime, anywhere with D-Link's D-ViewCam Mobile app. The D-ViewCam Mobile app makes it easy to check on your business no matter where you are, no matter what time of day it is.
