Gigaset C600H

The new standard in comfortable communication for the office

Highlights:

o Timeless and elegant design
o 2.2" TFT color display for optimal readability
o Hands-free function & headset connection
o Two display keys for important functions
o Comfort call protection
o Telephone book for up to 200 entries
o Simple operation
o Large digits for dialing
o Hearing aid compatible
o Removable belt clip

The Gigaset C600H impresses with perfect ergonomics, numerous functions and maximum comfort. The Gigaset C600H is so easy and pleasant to use that nothing distracts you from what's important — your conversations. It meets the highest Gigaset quality standards and navigation is intuitive. And the large, high-contrast TFT color display offers everything you would expect from a modern cordless phone: Graphics and fonts that ensure optimum legibility, a variety of color schemes and symbols for operating the main menu. The large individual keys with noticeable key press and the illuminated keypad make the Gigaset C600H the perfect companion for your everyday work.

Calls and conference calls

For professional use, the Gigaset C600H impresses with a professional headset connection and an integrated handsfree feature: this leaves your hands free for good conversations and direct transcripts. Excellent voice quality is also guaranteed for classic phone calls.

Comfort call protection blocks unwanted numbers

Unwanted calls are a challenge in every phase of life: This is where Gigaset has developed a new function with the Comfort Call Protection that protects against annoying advertising calls. Local, individual blocking is possible for up to 150 phone numbers. If this number is ever reached, the oldest blocked call number is automatically replaced.

Innovative technologies, Made In Germany

The Gigaset C600H is based on our decades of experience in building high-quality communication solutions. Continuously developed technologies such as ECO DECT and Green Office Energy Saving ensure excellent connections in combination with a modern design. A new masterpiece, developed and 'Made In Germany'.

Gigaset
