

# Designed for your space, empowered for your life

Dell All-in-One 27 | **EC27260**

From everyday tasks to immersive entertainment, the Dell All-in-One delivers reliable performance without the clutter. It fits effortlessly into your life, transforming any space into a hub for productivity. Designed for the needs of individuals, families, hobbyists, and small businesses, this PC features next-gen AI that adapts to you, helping you work, learn, and unwind—all with technology that looks as good as it performs.

## Modern Design, Simplified Experience.

Fits seamlessly into any home or office with a space-saving chassis and Modern Light Ash aesthetic.

Enjoy flexible placement with VESA mount compatibility and a convenient selection of ports, including HDMI-in.

Built with sustainable materials, earning EPEAT Silver and Energy Star 9 ratings.

## Immersive Entertainment and Collaboration.

Experience sharp, vibrant visuals on a 27" FHD or 27" QHD display with ComfortView Plus to reduce blue light.

Hear every detail with tuned stereo speakers featuring Smart Amp and immersive Dolby Atmos sound.

Look your best on video calls with an up to 8MP IR camera for crystal-clear visuals.

## AI-Powered Productivity

Get more done with Copilot+ and on-device AI features that speed up everyday tasks without draining the battery.

Ensure clear communication with IntelliGo AI that enhances microphone performance.

Experience faster, more secure logins with user detection technology.

## Performance for Everyday Needs

Handle multitasking, light creative work, and casual gaming with up to Intel® Core™ Ultra 7 series processors.

Run demanding applications smoothly with up to 32GB of DDR5 memory.

Enjoy reliable graphics performance for streaming, editing, and daily tasks with integrated Intel Graphics.

## Trusted Security and Support

Protect your privacy and data with a built-in camera shutter and TPM 2.0s. Keep your device firmly secured with a lock slot on select models, offering reliable physical protection in busy offices, classrooms, or public setups.

Stay ahead of interruptions with AI-powered ProSupport that predicts issues before they slow you down.

## Seamless Connectivity

Connect your devices with a full range of ports, including USB-C, USB-A, HDMI-in, HDMI-out, and an RJ-45 jack.

Use your All-in-One as a second monitor for another device with the dedicated HDMI-in port.

Select 27" QHD models include USB-C with DisplayPort Alt-mode for even greater versatility.

## The All-in-One advantage

Experience effortless multitasking and immersive entertainment with Dell All-in-One. Powered by the latest Intel® Core™ processors (Series 3) with Intel® Graphics for high-speed performance in any task, including on-device Copilot+ PC experiences.

**Camera**

Up to 8MP IR UPD Camera for superior video calls with user detection for faster login

**Display options**

QHD (27" only) or FHD (24" & 27") IPS panels for crisp images

**ComfortView Plus**

Improve eye comfort by reducing blue light while maintaining color accuracy

## Capture and display brilliantly

Elevate your visual experience with crystal-clear visuals and thoughtful design, optimized for every interaction.

## Elevated Audio

### **Immersive audio**

Dolby Atmos® provides rich, life-like sound with tuned stereo speakers.

### **Optimized voice pickup**

IntelliGo AI Input Processing ensures your voice is heard perfectly in every interaction.

### **Stereo speakers with Smart Amp**

Tuned to enhance audio clarity for immersive music, movies, and calls.

# Smart performance

## Copilot+ PC features

Unlock new levels of productivity and efficiency with dedicated NPU-powered Copilot+ PC features, designed to accelerate your workflows.

## Memory

Equip your system with up to 32GB DDR5 RAM, providing ample memory bandwidth to handle intensive workloads, complex software, and large datasets without slowdowns.

## Graphics

Enjoy consistent and reliable visual performance with Intel® Graphics, delivering crisp images and smooth playback for both creative tasks and casual gaming.

## Performance

Experience seamless performance and robust processing power with up to Intel® Core™ Ultra 7 processors (Series 3), ensuring smooth multitasking and responsive computing for all your demanding applications.

## Design meets functionality

The Dell All-in-One features a sleek, modern design with a compact, space-saving chassis. It's VESA mount compatible and comes in a light ash color that seamlessly blends into homes and workplaces, adding elegance and professionalism to any setting.

# Sustainability

## Material innovation

Designed with up to 50% recycled plastic and closed-loop plastic, along with 12% recycled steel<sup>[1]</sup>. It comes with an adapter made with 30% recycled plastic in the case<sup>[2]</sup> and ships in packaging made from 100% recycled or renewable materials<sup>[3]</sup>.

## Excellence in environmental standards

This PC is certified ENERGY STAR<sup>®</sup><sup>[4]</sup> and registered EPEAT Silver with Climate+. With Climate+ this laptop has met environmental criteria that address climate change and reducing greenhouse gas emissions<sup>[5]</sup>.

## Streamline repairs and part upgrades

Made with high-quality components, Dell desktops drive top performance and value throughout their lifecycle. Dell makes it simple to access spare parts and upgrades to get the most life out of your products.

<sup>[1]</sup>Based on internal analysis, September 2025. 50% recycled plastic and closed-loop ITE-derived plastic in the device and stand. 12% recycled steel in the device and stand.  
<sup>[2]</sup>Based on internal analysis, September 2025. 30% recycled plastic in the adapter case. Based on chosen configuration of the 130W 7.4 mm AC Adapter.  
<sup>[3]</sup>Contains up to 96.3% recycled content and 3.7% renewable content in the form of sustainably forested materials. Excludes option items added to order and included in the box.  
<sup>[4]</sup>Based on internal analysis, September 2025.  
<sup>[5]</sup>Based on internal analysis, September 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status by country.

### Important details

**Memory:** Graphics & System Memory: GB means 1 billion bytes and TB equals 1 trillion bytes; significant system memory may be used to support graphics, depending on system memory size and other factors.

**Hard Drives:** GB means 1 billion bytes and TB equals 1 trillion bytes; actual capacity varies with preloaded material and operating environment and will be less.

**Wi-Fi 7** Wi-Fi 7 certified products will roll out in accordance with the Wi-Fi Alliance certification schedule throughout 2024. Wi-Fi 7 requires the latest Wi-Fi Alliance certification, Windows HLK certified device driver, hardware update, supported Windows OS version and compatible router. Wi-Fi 7 connectivity with Windows 11 is limited and will leverage prior generation of Wi-Fi until drivers are available and hardware adoption increases. Ubuntu OS will not support Wi-Fi 7 and will operate on WiFi 6/6E speeds when configured for Wi-Fi 7. Router requires a separate purchase. Wi-Fi 7 connectivity is only available in select locations <https://www.wi-fi.org/countries-enabling-wi-fi-in-6-ghz-wi-fi-6e>. Check availability with your service provider. The Bluetooth wireless card version may vary depending on the operating system that is installed on your computer.

The **Bluetooth wireless version** may vary depending on the operating system that is installed on your computer.

**Weights** vary depending on configuration and manufacturing variability.

**AI:** AI features may require software purchase, subscription or enablement by a software or platform provider, or may have specific configuration or compatibility requirements. Details at [www.intel.com/aipc](http://www.intel.com/aipc).

**EPEAT and Climate+**: Based on internal analysis, September 2025. Based on EPEAT Climate + Designations. EPEAT registered where applicable. EPEAT registration varies by country. See [www.epeat.net](http://www.epeat.net) for registration status by country.

**ENERGY STAR:** Based on internal analysis, September 2025.
