DELLTechnologies

4-star certified monitor for eye comfort[1]

This 24-inch 16:10 FHD hub monitor offers enhanced visual comfort and offers up to 100W* of power delivery.

Enhanced eye comfort

This monitor is TÜV Rheinland® 4-star certified for eye comfort, designed to help minimize eye fatigue.

Equipped with built-in hardware low blue light technology, it reduces harmful blue light emissions to ≤35% while maintaining vibrant, true-to-life colors with 99% sRGB coverage.

100Hz refresh rate reduces flicker, enabling smoother scrolling and motion for a comfortable viewing experience.

Connect to productivity

Streamline your workspace with this USB-C hub monitor that powers your laptop with up to 100W* of power delivery—all through a single USB-C cable solution.

With extensive connectivity options, including RJ45, you can get stable connection to the Ethernet and connect to a host of other devices — all in a clutter free setup.

See your work clearly

With In-Plane Switching (IPS) technology, this monitor offers a wide 178°/178° viewing angle, so you can view your work with consistent color and image quality from virtually any angle.

Get deeper blacks and brighter whites with 1500:1 contrast ratio.

*Actual power delivery may vary depending on the connected device. Please verify your system's power requirements for compatibility.

1   Based off TÜV Rheinland® eye comfort certification.

DELLTechnologies

Enhanced eye comfort
Stay productive while ensuring eye comfort. This monitor reduces harmful blue light emissions to ≤35% for all day eye comfort without sacrificing color accuracy. The 100Hz refresh rate delivers smoother motions visuals for enhanced viewing experience.

A better view from anywhere
See consistent images across wide viewing angles enabled by In-Plane Switching (IPS) technology and detailed images with 1500:1 contrast ratio on this FHD monitor.

Multitasking made easy
Boost efficiency with Dell Display and Peripheral Manager that lets you organize multiple apps on your screen. See more by Daisy Chaining a second monitor via DisplayPort connectivity.

Uninterrupted productivity with silent firmware updates that complete in just 2-3 minutes, reducing update time by up to 90%. Updates install seamlessly during PC disconnect or monitor sleep, with flexible scheduling ensuring devices stay updated without disruption.

Your connectivity hub
Reduce cable clutter with USB-C connectivity that transmits data and video while delivering up to 100W[1] of power. Get stable Ethernet connection to your network with RJ45 that comes with PXE boot, MAC Address pass-thru[2] and Wake on LAN features. Connect your accessories with ease using a wide variety of ports, including two quick-access USB-C ports (up to 15W charging). An intuitive on-screen display highlights port locations for effortless connectivity.

World's number 1 monitor company*

We deliver world-class monitors that have gone through rigorous development processes and stringent tests to ensure dependable performance. Get peace of mind with unmatched warranty and support options. Being environmentally forward in thinking, our monitors adhere to environment standards and are made with sustainable materials.

Environmentally forward thinking

Intentional design in every part

At the heart of our design is a commitment to sustainability. That's why our monitor helps reduce waste with a design made from recycled materials with up to 95% post-consumer recycled plastic, 100% recycled aluminum, 80% recycled steel and 20% recycled glass.[1]

Environmental standards

This monitor is certified ENERGY STAR®, registered EPEAT Gold with Climate+ and carries the latest TCO Certification and is TCO Certified Edge, ensuring the use of safer materials, renewable energy use, and extended product life.[2]

Seamlessly modernize your tech

We can help you responsibly and securely retire your legacy IT equipment, regardless of brand, while addressing your sustainability goals.

Packaging with purpose

This monitor ships in a box made from 100% recycled or renewable materials. We are reducing paper usage in monitors packaging, which is the equivalent to saving 790 trees annually.[3]

---

1   Based on internal analysis, December 2025. Up to 95% recycled plastic throughout the device, 100% recycled aluminum in the stand, up to 80% recycled steel in the monitor head and stand, and up to 20% recycled glass in the panel.

2   Based on internal analysis, December 2025. ENERGY STAR certifications may vary by region and configuration. See www.energystar.gov/productfinder/ for certification status. EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country. TCO Certification may vary by region and configuration. See www.tcocertified.com/product-finder/ for certification status.

3   Based on internal analysis, December 2025. Packaging Applies to all Dell monitors launched since 2023. Made from FSC mix sources which is a mix of material from FSC certified forests, recycled content and/or FSC controlled wood. January 2025, introduced cushions now made from corrugated materials. Paper reduction applies to all Monitors shipping in 2026. Reductions in paper usage in monitor packaging is attributed to the quick start guide size reduction and calibration sheet digitization. Calculation for trees saved based on: Detailed Calculator | 10 THOUSAND TREES. https://www.omnicalculator.com/everyday-life/paper-weight.

All day comfort

Get a seamless viewing experience across dual screen setup with ultra-thin bezel design.

De-clutter your workspace

Free up your desk space with the small monitor base and hide cables from view by tucking them into the riser.[1]

Easy-to-use

Navigate the onscreen menu and adjust settings with a convenient joystick control.
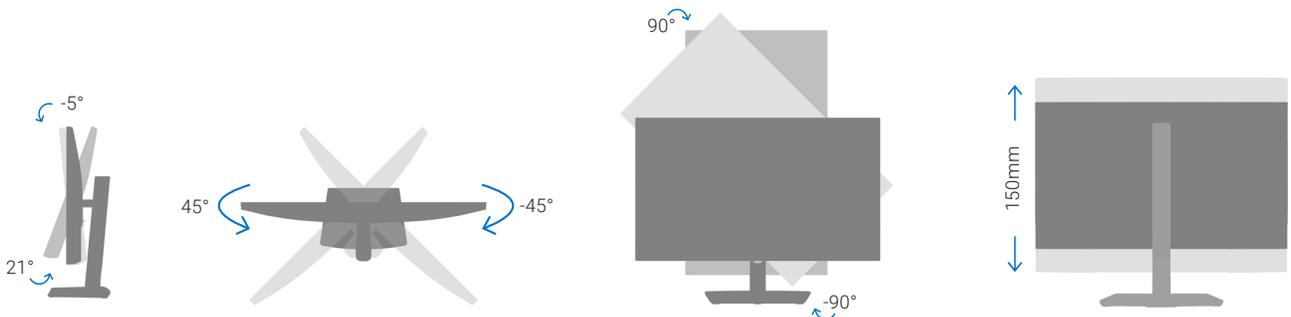

Quick access

Thoughtfully designed with 1 USB-C (up to 15W charging) and 1 USB Type A quick access ports on the bottom bezel and an intuitive on-screen display for effortless device connectivity.

Work with ease

Adjustability to suit your preferences throughout the day with tilt*, swivel*, pivot*, and height adjustment (up to 150mm)*.
