

Dell UltraSharp
U2412M 61 cm
(24") Monitor with
LED backlights

Experience outstanding screen clarity with the Dell UltraSharp™ U2412M 61 cm (24") Monitor with IPS technology and LED backlights

Designed with your comfort in mind, the U2412M comes with full adjustability features like height adjustable stand, plus tilt, pivot and swivel functions to suit your needs, and not the other way around. And with its arsenic-free, mercury-free LED panel and power management features, the U2412M meets high environmental standards like ENERGY STAR®, EPEAT Gold and TCO Certified Displays 5.2.

If you are looking for a monitor where uncompromising screen performance meets comfort and environmental consciousness, look no further — the U2412M delivers.

The Dell UltraSharp™ U2412M 61 cm (24") monitor is perfect for:

- Tech enthusiasts
- Advanced office applications users
- Educators
- Programmers
- Financial analysts
- Healthcare professionals
- Students
- Casual gamers
- Home office users

Dell UltraSharp U2412M 61 cm (24") Monitor with LED backlights

Uncompromising screen performance

- **Outstanding screen clarity**
 - IPS technology — see accurate and consistent colours across a wide viewing angle (178° x 178°) with IPS technology
 - Enjoy vivid, crystal clear images with resolution of 1920 x 1200
 - High dynamic contrast ratio of 2 million:1 and fast 8 ms gray-to-gray response time — experience crisp, razor-sharp and ghost-free images, thus reducing motion blur
- **Wide colour gamut of 82% (typical)** — enjoy impressive colour performance with the U2412M's ability to produce a wide range of colours
- **Large 61 cm (24-inch) screen with a 16:10 aspect ratio** — compatible with legacy software applications with screen sizes that fit perfectly on the 1920 x 1200 resolution U2412M monitor

Comfort and style

- **Improved height adjustability** (115 mm vs. previous Dell models with 100 mm) — maximise your viewing comfort by easily adjusting the monitor to the desired height
- **Additional comfort-enabling features such as tilt, swivel and pivot (with enhanced menu rotation)** — adjust the screen to the preferred angle (tilt — 4 degrees forward/ 21 degrees backward — plus swivel). Change the orientation of the screen from horizontal to vertical (pivot) to easily read newsletters, flyers, or web pages without the need to scroll using manual adjustment and an enhanced menu rotation
- **New slim profile** — conveys elegance and stylish sophistication

Eco-design

- **Environmental compliance** — meets the latest environmental standards such as ENERGY STAR®, EPEAT Gold, TCO Certified Displays 5.2, and CECP
- **Arsenic-free and mercury-free LED panel, and halogen-free laminates in circuit boards** — easy to recycle and helps to lower power consumption
- **PowerNap¹ software** — helps to dim the monitor to its minimum brightness level or puts it into sleep mode when not in use
- **Dynamic dimming² software** — adjusts onscreen brightness when images displayed consist of predominantly large bright and white areas

Additional features of the U2412M

- **Energy usage bar** — appears on the OSD menu and shows the monitor's energy consumption at a glance
- **Text mode** — when text mode is enabled the screen automatically adjusts its brightness to 150 nits, which is suitable for reading text
- **Colour temperature slider**
 - Default colour temperature is 6500k
 - Colour temperature slider can easily be moved to desired cooler or warmer colour temperature
