DELL

PRECISION 7540

# Dell's most powerful 15" mobile workstation is now VR and AI ready.

PREMIUM & LIGHTWEIGHT DESIGN

The new Dell Precision 7540 workstation is made with premium materials and professional components. This 15" workstation starts at 5.6lbs and is now available with an aluminum or carbon fiber display cover, making it beautiful and powerful. Smaller and lighter AC adapters provide maximum mobility while a revolutionary cooling system improves airflow, keeping your system cool. The Precision 7540 is the world's smallest Ready for VR & AI mobile workstation.

INTELLIGENT PERFORMANCE

Extract maximum performance from demanding applications with 9th Gen Intel® Core™ and Xeon® 8-core processors. Keep pace with graphic-intensive tasks with next generation Radeon Pro™ and NVIDIA® Quadro® professional graphics. Dell Precision Optimizer software comes on every Precision workstations and will tune your workstation to provide the best performance for the applications you use most.

Optional Dell Precision Optimizer Premium is the only AI-based performance optimizer software in the industry to automatically adjust your workstation settings not only for the applications you use, but how you use them - truly customizing your system's performance for you.

IMMERSIVE PRODUCTIVITY

Create fully-immersive AR and VR content with Ready for VR NVIDIA Quadro® RTX professional graphics and the latest Intel® 9th Gen processors. Accelerate heavy workflows with up to 3200MHz SuperSpeed memory and the largest memory capacity for a mobile workstation up to 128GB of ECC memory. Work on graphic or data-heavy applications without interruption with the largest PCIe SSD storage capacity available for a 15" mobile workstation, up to 6TB. Work in stunning detail with support for 8K resolution and HDR via a single cable with DisplayPort 1.4.

MISSION CRITICAL RELIABILITY

All Dell Precision workstations are Independent Software Vendor (ISV) certified to ensure the high-performance applications you rely on every day run smoothly. Also, with Xeon processors you can get Error Correcting Code (ECC) memory which identifies and corrects single bit memory errors. Our exclusive Reliable Memory Pro works on top of ECC memory to identify and map out bad memory sectors and will alert you when the memory is at a critical level and needs replacing - providing layers of protection against memory related errors.

Recommended Accessories

PRECISION 7540

ON-THE-GO

DELL PORTABLE THUNDERBOLT 3 SSD, 1TB

One of the world's fastest portable SSD storage devices, the Dell Portable Thunderbolt™ 3 SSD 512GB & 1TB versions let you backup or transfer all your large files at lightning fast speeds of 2800 MB/s.

TIMBUK2 - AUTHORITY FOR DELL - 15"

Designed specifically for Dell, the Timbuk2-Authority backpack is built to carry and protect everything you need for the workday. The internal organizer provides ample space for laptop accessories and any extra items you need to carry.

JABRA EVOLVE 75

With the ambient noise cancellation feature of this wireless headset you can hear every word clearly on your next call.

AT-THE-DESK

DELL PERFORMANCE DOCK | WD19DC

Dell's most powerful dock* for our most powerful workstations* delivers the ultimate productivity experience. Charge your system faster, support up to three 4K displays and connect to your peripherals via a single cable with dual USB-C connectors for up to 240W of power delivery.

DELL 27 ULTRASHARP MONITOR WITH PREMIER COLOR | UP2718Q

The world's first 27" 4K monitor with InfinityEdge that supports HDR content playback.See stunning colors and details on a virtually borderless display.

DELL PREMIER WIRELESS KEYBOARD AND MOUSE | KM717

Enhance productivity and enjoy its elegant design that will fit into virtually any workspace. For increased productivity you can simultaneously pair up to two compatible devices with Bluetooth LE.

CREATORS AND ENGINEERS

DELL CANVAS

Bring your ideas to life with the groundbreaking new workspace tool that uses an intuitive touch screen, pen and totem to enable natural digital creation.

3DCONNEXION SPACEMOUSE WIRELESS

3Dconnexion's patented 6-Degrees-of-Freedom (6DoF) sensor is specifically designed to manipulate digital content or camera positions in the industry-leading CAD applications. Simply push, pull, twist or tilt the 3Dconnexion controller cap to intuitively pan, zoom and rotate your 3D drawing.

DELL USB-C MOBILE ADAPTER | DA300

The i1Display Pro ensures a perfectly calibrated and profiled display while delivering the speed, options and flexibility needed to maintain color accuracy.

Built for business

Dell Technologies Unified Workspace

Dell Technologies Unified Workspace is the most comprehensive solution to deploy, secure, manage and support virtually all devices from the cloud. We designed this revolutionary solution with intelligence and automation providing you with visibility across the entire endpoint environment. We help you save time, improve user experience, optimize resources and strenthen security.

DEPLOY

Our modern deployment solution, ProDeploy in the Unified Workspace allows you to revolutionize the way deployment gets done. By spending just one hour for set up , IT can then hand deployment to Dell and have preconfigured systems shipped directly to the end users--wherever they are.

SECURE

Dell Endpoint Security for the Unified Workspace helps you manage growing cyber risks while embracing workforce transformation. With Dell SafeGuard and Response powered by Secureworks, you gain actionable insight to help you quickly and efficiently prevent, detect and respond to cyber-attacks - keeping your environment free from harm.

MANAGE

We integrated our hardware management solution Dell Client Command Suite with VMware Workspace ONE, allowing you to take advantage of unified endpoint management (UEM) and manage the firmware, operating system and applications for all devices from the Workspace ONE console. UEM simplifies the management of the entire environment saving IT time from having to work between separate consoles for PCs and phones.

SUPPORT

ProSupport Plus continues to be the only predictive and proactive support in the market. When compared to key competitors, ProSupport Plus with SupportAssist reduced time to resolve a failed hard drive with up to 11x faster time to resolution[*]
