

Alienware 15 Gaming Laptop | DA15260

YOUR ALIENWARE EXPERIENCE AWAITS

Meet the Alienware 15 gaming laptop, engineered to bring Alienware's signature performance and design to a wider audience. Created for those who prioritizes non-negotiable features over extras, to deliver reliable performance for gaming and beyond.

Performance for gaming and more

- Intel® Core™ (Series 2) processors with up to 30W TDP and a hybrid architecture for gaming and everyday use.
- Range of NVIDIA® GeForce RTX™ laptop GPUs from 3050 to 5060 – to align system capabilities with your performance needs and budget.
- Automatically shift power between the CPU and GPU with NVIDIA's Dynamic Boost, for smoother gameplay and faster multitasking
- Game-ready performance supported by an efficient airflow design that helps pull cool air into the system through 2 fans, 3 copper heat pipes, and hot air out a rear exhaust vent
- User-replaceable GDDR5 memory and PCI3 M.2 Gen 4 SSD storage

Pure Alienware essentials

- 15.3" 16:10 display in 15" chassis
 - 165Hz refresh rate
 - WUXGA (1920x1200) resolution
 - 300 nits
- Full-featured gaming inputs for flexible, fast connectivity including RJ-45, HDMI 2.1, USB Type-A, USB Type-C and USB Type-C with USB charging support
- Left-side ports positioned to optimize connectivity and power for smoother, more efficient use of peripherals
- Alienware white backlit keyboard with 1.3mm key travel
- Large multi-touch gesture touchpad (4.53 in x 3.15 in) with integrated scrolling
- 720p HD webcam with dual array microphone
- Stealth Mode delivers a discreet, low-noise experience with the click of the F7 key for quieter settings during non-gaming tasks

Designed for comfort, durability and style

- Continuation of AW30 Industrial Design
 - Fluid contours offer a sleek, modern look
 - Contoured edges ensure a comfortable grip
 - Pronounced V-rail allows easy opening
 - Rounded palm rest adds comfort during any gaming session
- New Nova Black finish, inspired by the cosmic elements that birth stars, delivers a premium metallic sheen
- Proven resilience, rigorously tested to withstand the demands of daily use and transport.
- A robust tower hinge allows for a full 180-degree opening and optimizes rear exhaust airflow – prioritizing performance without sacrificing portability or structural integrity.
