## Description

---

### Wall charger 2x3A USB C + USB A black

The TB charger with two USB ports with a maximum output power of 20W is a great solution for people who have more than one device charged via a USB port. The charger allows you to charge two devices at the same time. Thanks to the use of high power, devices charged via USB C ports will be even half charged after 30 minutes. The charger is made of environmentally friendly materials. The charger is safe for devices, prevents short circuits, overheating and overcharging. Thanks to the intelligent charging functions, it adjusts the voltage and current to the device being charged. The small size makes it very handy, it will work at home, office and travel (with a worldwide input voltage of 100-240 V).

- Compatible with: smartphones, tablets, laptops, smartwatches.
- Packaging: box
- Lifetime warranty
